

## Specialty-specific References for DIOs: Faculty Scholarly Activity

### ACGME

Common Program Requirements are in bold

Specialty Name	Specialty-Specific Requirements Referencing “Faculty Scholarly Activity”
<b>Allergy and Immunology</b>	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <small>(Core)</small></p> <p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <small>(Detail)</small></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p> <p><b>II.B.5.b).(1) peer-reviewed funding;</b> <small>(Detail)</small></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <small>(Detail)</small></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <small>(Detail)</small></p> <p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <small>(Detail)</small></p> <p><b>II.B.5.c) Faculty should encourage and support residents in scholarly activities.</b> <small>(Core)</small></p>
<b>Anesthesiology</b>	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <small>(Core)</small></p> <p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <small>(Detail)</small></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p> <p><b>II.B.5.b).(1) peer-reviewed funding;</b> <small>(Detail)</small></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <small>(Detail)</small></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <small>(Detail)</small></p>

Specialty Name	Specialty-Specific Requirements Referencing “Faculty Scholarly Activity”
	<p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.c) Faculty should encourage and support residents in scholarly activities.</b> <sup>(Core)</sup></p> <p>II.B.5.d) In aggregate, the total of the program’s faculty scholarly productivity should have all of these types of scholarly activity. <sup>(Detail)</sup></p> <p>II.B.5.e) If the program is unable to fulfill one aspect of this requirement, the curriculum must include educational activities for the residents in the deficient component. <sup>(Core)</sup></p>
Adult Cardiothoracic Anesthesiology	II.B.9 Faculty members must maintain an active role in scholarly pursuits pertaining to cardiothoracic anesthesiology, as evidenced by involvement in education and scholarship that pertains to the care of adult cardiothoracic patients. <sup>(Core)</sup>
Anesthesiology Critical Care Medicine	II.B.6. Each faculty member participating in the fellowship must demonstrate ongoing academic achievements appropriate to anesthesiology critical care medicine, including publications, the development of the educational program, or the conduct of research. <sup>(Core)</sup>
Obstetric Anesthesiology	II.B.5. Physician faculty members must demonstrate ongoing academic achievements appropriate to the subspecialty, including at least one of the following: publications, the development of educational programs, or the conduct of research. <sup>(Core)</sup>
Pediatric Anesthesiology	II.B.6. The members of the physician faculty must demonstrate ongoing academic achievements appropriate to the subspecialty, including publications, the development of the educational program, or the conduct of research. <sup>(Core)</sup>
Regional Anesthesiology and Acute Pain Medicine	<p>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component. <sup>(Core)</sup></p> <p>II.B.5.a) The members of the faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences. <sup>(Core)</sup></p> <p>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</p> <p>II.B.5.b).(1) peer-reviewed funding; <sup>(Detail)</sup></p> <p>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks; <sup>(Detail)</sup></p> <p>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or, <sup>(Detail)</sup></p>

Specialty Name	Specialty-Specific Requirements Referencing “Faculty Scholarly Activity”
	<p>II.B.5.b).(4) participation in national committees or educational organizations. <sup>(Detail)</sup></p> <p>II.B.5.c) Faculty members must encourage and support fellows’ scholarly activities. <sup>(Core)</sup></p> <p>IV.B.1.b) To accomplish these objectives, the members of the regional anesthesiology and acute pain medicine faculty must mentor fellows in the preparation of research proposals, research methodology, and authorship guidelines. <sup>(Core)</sup></p>
<b>Colon and Rectal Surgery</b>	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <sup>(Core)</sup></p> <p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p> <p><b>II.B.5.b).(1) peer-reviewed funding;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.c) Faculty should encourage and support residents in scholarly activities.</b> <sup>(Core)</sup></p> <p>II.B.5.d) At least one faculty member must be actively involved in regional or national specialty societies. <sup>(Core)</sup></p> <p>II.B.5.e) At least one faculty member must be regularly active in scholarly inquiry. Research performed by a resident must not substitute for active faculty involvement. <sup>(Core)</sup></p>
<b>Dermatology</b>	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <sup>(Core)</sup></p> <p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p>

Specialty Name	Specialty-Specific Requirements Referencing “Faculty Scholarly Activity”
	<p><b>II.B.5.b).(1) peer-reviewed funding;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.c) Faculty should encourage and support residents in scholarly activities.</b> <sup>(Core)</sup></p>
Micrographic Surgery and Dermatologic Oncology	<i>None</i>
<b>Diagnostic Radiology</b>	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <sup>(Core)</sup></p> <p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p> <p><b>II.B.5.b).(1) peer-reviewed funding;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.c) Faculty should encourage and support residents in scholarly activities.</b> <sup>(Core)</sup></p>
Abdominal Radiology	<i>None</i>
Musculoskeletal Radiology	<i>None</i>
Neuroradiology	<i>None</i>
Nuclear Radiology	<i>None</i>
Pediatric Radiology	<i>None</i>

Specialty Name	Specialty-Specific Requirements Referencing “Faculty Scholarly Activity”
Vascular Interventional Radiology	None
Emergency Medicine	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <sup>(Core)</sup></p> <p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p> <p><b>II.B.5.b).(1) peer-reviewed funding;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.c) Faculty should encourage and support residents in scholarly activities.</b> <sup>(Core)</sup></p> <p>II.B.6.d) All core physician faculty members must be involved in scholarly activity. <sup>(Core)</sup></p> <p>II.B.6.d).(1) At minimum, each individual core physician faculty member must produce at least one piece of scholarly activity per year (averaged over the past five years). <sup>(Detail)</sup></p> <p>II.B.6.d).(1).(a) At minimum, this must include one scientific peer-reviewed publication for every five core physician faculty members per year (averaged over the previous five-year period). <sup>(Core)</sup></p>
Emergency Medical Services	<p>II.B.6. All core physician faculty members must be involved in continuing scholarly activity. <sup>(Core)</sup></p> <p>II.B.7. The program’s core physician faculty members must demonstrate significant contributions to the subspecialty of emergency medical services. <sup>(Core)</sup></p> <p>II.B.7.a) At minimum, each individual core physician faculty member must demonstrate at least one piece of scholarly activity per year, averaged over the past five years. <sup>(Core)</sup></p> <p>II.B.7.a).(1) At minimum, this must include one scientific peer-reviewed publication for every two core physician faculty members per year, averaged over the previous five-year period. <sup>(Detail)</sup></p>

Specialty Name	Specialty-Specific Requirements Referencing “Faculty Scholarly Activity”
Pediatric Emergency Medicine	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <sup>(Core)</sup></p> <p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p> <p><b>II.B.5.b).(1) peer-reviewed funding;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.c) Faculty should encourage and support fellows in scholarly activities.</b> <sup>(Core)</sup></p>
Family Medicine	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <sup>(Core)</sup></p> <p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p> <p><b>II.B.5.b).(1) peer-reviewed funding;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.c) Faculty should encourage and support residents in scholarly activities.</b> <sup>(Core)</sup></p>
Internal Medicine	<p><b>II.B.5. The faculty must establish and maintain an environment of inquiry and scholarship with an active research component.</b> <sup>(Core)</sup></p>

Specialty Name	Specialty-Specific Requirements Referencing “Faculty Scholarly Activity”
	<p><b>II.B.5.a) The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b) Some members of the faculty should also demonstrate scholarship by one or more of the following:</b></p> <p><b>II.B.5.b).(1) peer-reviewed funding;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <sup>(Detail)</sup></p> <p><b>II.B.5.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.5.c) Faculty should encourage and support residents in scholarly activities.</b> <sup>(Core)</sup></p>
Adult Congenital Heart Disease	<p><b>II.B.6.</b> The faculty must establish and maintain an environment of inquiry and scholarship with an active research component. <sup>(Core)</sup></p> <p><b>II.B.6.a)</b> The faculty must regularly participate in organized clinical discussions, rounds, journal clubs, and conferences. <sup>(Detail)</sup></p> <p><b>II.B.6.b)</b> Some members of the faculty should also demonstrate scholarship by one or more of the following:</p> <p><b>II.B.6.b).(1) peer-reviewed funding;</b> <sup>(Detail)</sup></p> <p><b>II.B.6.b).(2) publication of original research or review articles in peer-reviewed journals, or chapters in textbooks;</b> <sup>(Detail)</sup></p> <p><b>II.B.6.b).(3) publication or presentation of case reports or clinical series at local, regional, or national professional and scientific society meetings; or,</b> <sup>(Detail)</sup></p> <p><b>II.B.6.b).(4) participation in national committees or educational organizations.</b> <sup>(Detail)</sup></p> <p><b>II.B.6.c)</b> Faculty should encourage and support fellows in scholarly activities. <sup>(Core)</sup></p> <p><b>II.B.8.e).(2)</b> At least 50% of the KCF must demonstrate evidence of productivity in scholarship, specifically, peer-reviewed funding; publication of original research, review articles, editorials, or case reports in peer-reviewed journals; or chapters in textbooks. <sup>(Detail)</sup></p>
Advanced Heart	<p><b>II.B.6.</b> The faculty must establish and maintain an environment of inquiry and scholarship with</p>
